

Operating Theatre Organization

Author: Didier Ducournau

Advantages:

Presentation of an operating theatre organization allowing to perform every morning 14 retina surgeries in a single operating room, without hurry and agitation.

Methods:

Expectation, agitation and hurry are sources of stress and errors. The 4 Clinique Sourdille operating rooms accept a total of 17,000 open globe surgeries per year ie a medium of 20 surgeries per room & per day (surgical procedures start at 8:30 am and finish at 5 pm). All the organization will be shown by video.
