

Encircling band for retinal detachment

Author: Ron A. Adelman, New Haven, CT, USA

Advantages:

Easy to use, supports vitreous base 360 degree.

Methods:

#41 encircling band to support retinal break.

Effectiveness / Safety:

Over 90% success rate with one surgery.

Take home message:

Scleral buckle with a small size encircling band is an effective treatment for retinal detachment without significant PVR.
