

EVRS CONGRESS REPORT

One month ago we were in Istanbul for the EVRS annual congress. We were requested to fill up an anonymous satisfaction questionnaire. We received around 120 questionnaires back out of the 500 participants. Here below the results.

In the additional written comments, no major criticism was found more than twice expect for the sound problem. It would be then quite interesting that if you have precise criticism to send us by mail, by fax (+33 2 51 83 32 61) or by normal letter (attached is the Satisfaction Questionnaire we gave out in Istanbul during the congress) or to give your comments on the Forum.

We have updated the EVRS past meeting pages on the website; pictures and report are available on that page.
